PROTECT YOURSELF

1. CHECK YOUR ACCOUNTS

Carefully review your bank statements and note any suspicious charges or activity. Look line by line at all of the charges and dispute any charges that appear to be unauthorized, even if it is only for one or two dollars

2. MAKE SOME CALLS

As soon as possible, notify the credit card company to preserve your rights and to prevent additional fraud transactions. Look for the number on the back of your credit card or on your monthly statement. Follow up on all actions you take.

3. PLACE FRAUD ALERTS

Contact the three major credit bureaus.

Equifax : 1-800-766-0008
Experian: 1-888-397-3742
Trans Union: 1-877-322-8228.

Ask to have a fraud alert placed on your credit record.

ATM SKIMMER SUSPECTS

POLICE NEED YOUR HELP TO IDENTIFY

On January 31, 2015, at approximately 9:00 AM, an unidentified w/m (approximately 23-35 years of age) placed a skimming device, along with a camera, on the exterior ATM machine at Bank of America, 140 North County Road, Palm Beach. The device was in place throughout the day until midnight that evening, when it was removed by a suspect fitting a similar description.

The Palm Beach Police Department has determined the skimming device captured the card numbers, and the camera recorded the pin numbers for many bank customers who utilized the ATM machine during the above time frame. Although many victims have already been identified, the police department is asking anyone who used this ATM machine on January 31st to check their accounts to determine if any unauthorized activity has occurred. Should you determine your bank account has been compromised, or if you witnessed suspicious activity around this ATM during the referenced time frame, please contact **Det. Will Rothrock, 561-227-6369**.

You can view additional photos of subjects of interest [here](#), or by visiting www.palmbeachpolice.com.

Please call Det. Rothrock if you recognize any of the males shown in the photographs.
